

# CHEST: LA COMBINÉE

**Design by**  
Margareth Laug

## Description

These nesting boxes are in thick black-stained ash veneered MDF, in a satin finish. The thickness makes it possible to produce the delicately sculptural lines required for each box, which are different on each box. Removable lid (without grooves) in solid ash. Ideal for storing objects, textiles or small accessories. 3 boxes, 3 functions.

- Small version is ideal for mobile phones, keys or even jewellery. Horizontal grooves.

- Medium version is ideal for storing gloves and scarves in a hallway or could sit on the sideboard in a living room. Square grooved motif.

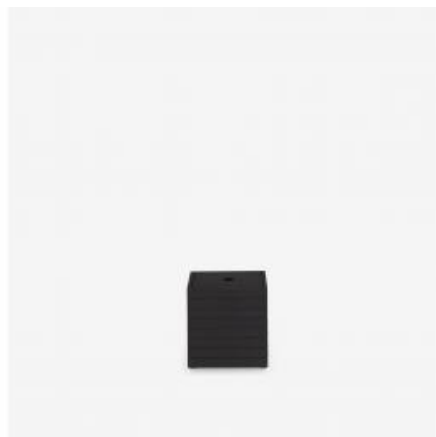

- Large version is ideal for storing bottles or magazines. Vertical grooves.

Sold singly but are nesting (one inside another) when all three are purchased.
